

DAY PLAN

Opinion Text

Day 4

Now it's time to move into the final paragraph. Engage in a discussion with students. What do they notice about the third paragraph? There is a transition word, and the topic is reiterated. The Opinion is repeated (final "O" of OREO), and the three reasons they mentioned in the first paragraph are now restated in different words. Additionally, there is a question at the end to enhance the final paragraph. This serves as the conclusion. Here are the expectations that should be added:

- Conclusion
- Mot de transition
- Redire l'opinion
- Redire les 3 idées d'une autre façon
- Poser une question

Now, ask students to fill in their conclusion chart and then incorporate it into their paragraph. Once they complete this task, reassure them that there's no need for further revisions as this was a practice. They can hand in their work to you.
